

# "The Proposal" Press Kit

## **Synopsis (50 words)**

Daniel's never had a lot of luck with women, so when he asks one-year-old Emma for permission to marry her mommy, he needs it to go well. It doesn't.

## Director's Statement

"The Proposal" began as a joke and became the shortest of my short films, clocking in at 4 minutes (including the credits). After finishing a feature film and a 30-minute documentary/musical, I really just needed something that would be fun to make, and let me spend some time with my family. Hence, "The Proposal," starring Emma Grace Dull.

## Director's Bio

Joe Dull is the writer and director of the award winning feature film "Table at Luigi's," produced by the faculty and students at the University of Central Arkansas. He's been directing and editing films for 20 years in Southern California and New York, but it took moving to Arkansas to helm his first feature.

Teaching for five years at Chapman University in Orange, CA, and now at the University of Central Arkansas in Conway, Joe is proud whenever he can bring his love of film and his love of teaching together, both in the classroom and by involving his students in professional productions.

Joe can be seen here with his favorite production, one-year old Emma.
